Siddhan Intelligence
Innovate Your Journey

Job Title: Full Stack Technical Lead

Work Location: Bangalore

Company Overview:
At Siddhan Intelligence, we're a young, dynamic team using cutting-edge tech to solve real-world problems in aviation and logistics. If you're passionate about innovation and growth, you'll feel right at home here.

About the Role:

Are you a passionate full-stack developer with **4 to 7 years of experience** looking to take your career to the next level? Join our dynamic team and play a pivotal role in shaping the future of our products!

What You'll Do:

- Collaborate with engineers and developers throughout the full application/product lifecycle
- Understand and implement design, architecture, and Agile processes
- Work closely with the business team to develop innovative solutions
- Ensure high-quality, responsive applications
- Follow and promote strong engineering best practices
- Design and launch new features with the engineering team
- Maintain clean, organized, and efficient code

Key Requirements:

- 🖥 **Front-End:** HTML, CSS3, JavaScript (ES6+)
  Angular (version 9 and above)

Back-End:
Python or Node.js (2+ years of experience)

Familiarity with frontend frameworks

Databases:

- NoSQL: MongoDB or DynamoDB
- RDBMS: MySQL or PostgreSQL

Architecture & Tools:

Methodology:

- Strong understanding of Agile methodologies

Nice to Have:

- Experience with Cloud services (AWS, Azure, Heroku)
- Familiarity with CSS preprocessors (Sass, Less)
- Knowledge of module bundlers (Webpack, Parcel)

Why Join Us

If you're ready to make a difference and grow your skills in a collaborative environment, **we want to hear from you!** Be part of a team that's building impactful products with modern technology.
