*Innovate Your Journey*

## TEST AUTOMATION ENGINEER

### Company Overview:

At Siddhan Intelligence, we're a young, dynamic team using cutting-edge tech to solve real-world problems in aviation and logistics. If you're passionate about innovation and growth, you'll feel right at home here.

### Job Summary:

We are looking for a test automation engineer with at least 2-3 years of experience. We are looking for a passionate tester who is capable of designing and writing test automation scripts using JS. We value our professionals, providing comprehensive benefits, exciting challenges, and the opportunity for growth. This is a permanent position, and we are looking for someone to start immediately.

**Work Location:** Bangalore

**Experience :** 2-3 years

### Roles and Responsibilities

- Identifying and selecting the automation test cases
- Applying various designs and documenting the automation test strategy
- Creating an automation test plan and getting approval
- Automating the design of a framework
- Implementing it as per the structure of the project
- Creating, enhancing, debugging, and running the test cases
- Collating and monitoring the defect management process
- Managing the changes and executing regression tests
- Coming up with exact solutions for problems related to object identity and error handling.

### Technical requirements:

# Siddhan Intelligence

*Innovate Your Journey*

- Manual Testing: Solid understanding of SDLC & STLC.
- Automation: Proficiency in Cypress (highly preferred) or Playwright, Katalon, Selenium.
- API Testing: Strong knowledge and hands-on experience.
- Performance Testing: Experience with JMeter (optional).
- Mobile Automation: Experience with Appium (optional).

## **Key Skills :**

- Strong analytical and problem-solving skills
- Ability to work in Agile methodology
- Good communication skills

## **Why Join Us?**

- Be part of a passionate, innovation-driven team.
- Work with modern tools and frameworks in a growing industry.
- Career development and upskilling opportunities.
- Collaborative, supportive work culture.
